WHAT TO EXPECT

You will walk away with practical tools to help you set achievable goals for your mission and lead those you serve into flourishing, independent lives!

Based on the "7 Marks of Effective Compassion" from Dr. Marvin Olasky's *The Tragedy of American Compassion*, the day-long interactive training will cover:

- What human flourishing truly looks like for those in poverty
- Program models and practices that lead to success stories
- How to incorporate what you learn into the work you are already doing

Thanks to our sponsors, this event is free of cost and lunch will be provided. Sign up at TrueCharity.us/StMarys and learn more about establishing effective charity in your community.
